THE ADAM™ FAMILY COMPUTER SYSTEM

The ADAM™ package includes everything you need to step into the expanding world of word processing, game play, and BASIC programming. And the more computer-sophisticated you become, the more you'll want to explore this ever-growing, ever-changing role of computers in day-to-day living.

To help you along, Coleco offers a wide variety of accessories and peripherals that make ADAM™ even more versatile than any other home computer system!

Each item comes packed with easy-to-understand instructions on how to set up and use your new equipment.

This makes the whole process—from purchase to use—completely problem-free! Once again, Coleco uncomplicates the complicated!

Coleco products offer you the kind of solid, dependable quality that makes them a pleasure to buy and to use.

COLECOVISION®/ADAM™ PERIPHERALS & ACCESSORIES

ADAM™ 5¼" DISK DRIVE

Now ADAM™ gives you a choice! Here's the 5¼" Disk Drive alternative to digital data pack storage! The Disk Drive retrieves your information quickly and easily and enables ADAM™ to transfer 24,000 bits per second! The ADAM™ Disk Drive uses 5¼" single-sided, double-density flexible disks which contain 160K bytes of total storage space. You can even connect up to two drives at once and add even more storage area for those complicated programs! Faster loading of programs means less waiting time and the ADAM™ Disk Drive comes complete with software which enables you to duplicate your own programs on either a second disk or directly onto an ADAM™ digital data pack.

ADAM™ SECOND DIGITAL DATA DRIVE

New convenience! New possibilities! The Second Digital Data Drive doubles ADAM™ on-line storage capacity allowing up to 500K bytes of data or program information to be stored on two digital data packs. Now you won't have to stop and change digital data packs in order to access, copy, or transfer stored information on two separate digital data packs! A real time-saver!

#2409

ADAM™ 64K MEMORY EXPANDER

Increase ADAM™ Random Access Memory (RAM) by 64K bytes for a total of 144K with this Memory Expander! It increases the workspace capacity of SmartWRITER™ Word Processor by 64,000 characters . . . approximately 32 pages of double-spaced text! Once it's in place, you'll have the space to run longer, more complex programs! It's great with CP/M® software to provide ultra-fast data storage and retrieval with compatible programs. And when used with ADAMCalc™, the 64K Memory Expander provides the advanced "print spooling" feature of more costly computers which lets you work on your spreadsheet even as you print!
